

Catwalk star, Tali Lennox, proves that evening dressing doesn't have to be about floor length gowns, rocking an urban-Boho mash up for New York's Fashion's Night Out. Tap into her eclectic beat by opting for whimsical separates for evening, like a pair of silky shorts and an embellished romantic blouse. Add a bit of glitz with statement accessories like R.J. Graziano's sculptural necklace or Iro's knit fur vest, a versatile piece that adds youthful glamour to any ensemble.
